Smart Life, Your Life

Smart Life, Your Life

Live the Future Today

Why Edimax Smart Life？

Build your own surveillance system

DIY for your own surveillance without installation fees or monthly charges, and easy smartphone setup. Free powerful 16 channel viewer for computers included with multi-language user interface.

Flexible storage options

Recordings can be saved to microSD, SDHC, NAS, Google Drive or Dropbox.*

Keep everyone close

Live view or talk with everyone you care about: kids, babies, elderly relatives, visitors or pets.

More comfort and convenience

Schedule and remotely control home appliances and smart devices to suit your daily routine.

Save energy, save money

Monitor the power usage of your appliances and get valuable data to help identify where you can save money.

*FREE cloud storage to personal Google Drive, Dropbox or other 3rd party accounts. (Edimax reserves the right to extend or change 3rd party list)

Security

Peace of mind.
Push notifications with video alerts.

Security cam is triggered by sound or motion and sends alerts to your phone when anything unexpected happens at home.

Don't miss a delivery.
Live view and two-way audio.

Answer the door and see who's there from your smartphone, wherever you are.

Left the garage door open?
Geo-fence reminders.

Push notifications when you leave home if the garage door is still open. Remotely monitor your garage and open or close the garage door on your mobile device.

Caring

Keep an eye on loved ones.
24/7 remote monitoring.

See anytime anywhere on smartphone, tablet or computer what's going on with your property and family.

Soothe your baby.
Lullabies and music player.

Play songs, stories, recordings or a built-in lullaby in the kids room to soothe your baby to sleep.

Automatic comfort.
Temperature and humidity alerts.

Get notifications while you're out if it's too hot, cold or humid at home, and switch on heaters or A/C.
